

Brough Family Organization

www.broughfamily.org

The Brough Family Organization (BFO) is one of the largest and oldest non-profit ancestral family organizations and surname associations in the world, and since 1918 it has researched and published numerous genealogies and histories on the ancestors and descendants of the Broughs of the British Isles. Today there are thousands of descendants of the Broughs of the British Isles living throughout the world, and the BFO has active members in many countries--including the United Kingdom, United States, Australia, Canada and New Zealand. Currently the Brough Family Organization is listed in multiple online sources and thousands of people visit the BFO website every month.

Since 1918 Brough Family Reunions have been held in Utah, USA. In 2005, 2010 and 2015 the BFO held International Brough Reunions in Utah, and in 2008 an International Brough Reunion was held in England. In 2013 a special Brough Reunion was held at the Bonneville Salt Flats Speedway in western Utah that celebrated Brough family history and Brough Superior Motorcycles; and in 2002 and 2014, research trips were conducted in England and Scotland by BFO members. Future Brough Reunions are scheduled for 2017, 2018 and 2020.

Today the BFO is a member of LDSAFA (www.ldsafa.org) and operates under the direction and support of the non-profit Richard Brough Family Organization (RBFO)--which was named after Richard Brough (1786-1873) of England. Globally the BFO conducts extensive research and specialized extraction projects on the genealogies and histories of many Brough families and their ancestors and descendants on four continents, sponsors an International Brough DNA Genealogy Project, produces genealogical and historical publications and videos, identifies military memorials, erects historical monuments, preserves ancient family documents, and encourages young people to get involved in family history work.
