

John H. Redd & Elizabeth Hancock F A M I L Y O R G A N I Z A T I O N

The **John Hardison Redd and Elizabeth Hancock Family Organization** is based in Salt Lake county, Utah but has members all over the United States, celebrating a common heritage.

The Redd family were early LDS pioneers who settled in the Spanish Fork area in the Utah Territory but quickly spread to many other communities in the United States, Canada, and Mexico.

Our purpose is to strengthen the bonds of that common heritage as well as understand it better. We plan and hold family reunions every few years- opportunities to be together, share what we've learned, refresh our spirits, and have a lot of fun. And we conduct and support ongoing research to fill in gaps and extend our family tree.

Anyone can connect with us online at <http://reddfamily.org>

But if you're a descendant of John Hardison Redd and Elizabeth Hancock- and if you have Utah Redds in your family tree you probably are- **make it official!**

Email us at join@reddfamily.org
